Annual Principal's Address

Dear St. Margaret's Community,

As we close another beautiful school year, I'm once again filled with immeasurable gratitude for the trust you place in us and the shared mission we embrace in nurturing the minds and souls of these young people. It is a privilege to serve as your principal, and I'm excited to share the progress we've made alongside the vision we're carrying forward into next school year.

WITH ESA, TUITION IS FREE! Last year, we talked about the potential of Education Savings Accounts, and today the dream has become reality. Thanks to this legislation, families can now send their children to St. Margaret's School tuition-free out-of-pocket. This is an incredible blessing and a true answer to prayer, but new families must act quickly, as funds are limited. **If you or someone you know is considering Catholic education, now is the time! Call me at 856-5922.**

Assessment and Academic Progress: This time last year, we were working to introduce WYTOPP - the state standardized test - and to implement stronger practices in using Fast Bridge data in order to better understand and support student learning. Fast Bridge remains a powerful tool to help us "look ahead," showing how well students are positioned to access grade-level content. We've come a long way already; our teacher team interprets and applies data insights to guide instruction. These assessments not only reflect student learning but also validate our commitment to academic excellence and are a critical part of our accreditation journey. Our instructional practices will only become stronger as we continue aligning our curriculum from preschool through grade 5.

Curriculum Advancements: Our teaching team has continued their incredible work in developing a guaranteed and viable curriculum. This year, their focus has been math - identifying priority standards by grade level, designing a PreK-5th grade skill progression. Now they move on to 1) crafting meaningful assessments that measure mastery, ensure long-term retention, and strengthen our commitment to lifelong learning, and 2) aligning these learning targets to our instructional resource (i-Ready), our multisensory instructional approach, and our Catholic identity. After they complete this work with Math, they start over with Language Arts. This process will likely take the next two school years.

Accreditation Journey: This fall, we continue the rigorous accreditation process through the Western Catholic Education Association (WCEA). Accreditation is a powerful reflection of who we are. It affirms that our Catholic identity, academic programming, and commitment to growth meet the highest standards. While the process is demanding, it's also deeply rewarding and perfectly aligned with the progress we've made over the last few years. We are ready.

School Safety and Facilities: Last summer brought a flurry of construction through our Nonprofit Security Grant, and I'm proud to share that those projects are near complete. Additional safety initiatives, funded through generous donations and fundraising efforts, are also complete. Most recently, our parish now owns the alley adjacent to the school. This summer, we'll begin repairing the road and planning for gated access at both ends. It will be a marathon, not a sprint, as we want to be intentional in both planning and funding, but it marks a significant step forward in ensuring the safety and security of our students.

Thank you for your support and partnership. This community is truly special. You can reach me through the summer via email at mmosbrucker@stmargs.us. Please continue to pray for me and our school, as I continue to pray for you.

With immense gratitude and joy, *Meagan*

Fr. Louis’ Corner

Do you feel God’s love in your life? God loves you! I say that to each one of you individually. We celebrate Pentecost this week-end; the culmination of our Easter Season. Come, Holy Spirit, Come! That is the first line of the sequence at our Mass on Pentecost. It is also a wonderful prayer for us to say over and over. We celebrate the descent of the Holy Spirit. That day nearly two thousand years ago when disciples of Jesus received the gift of the Holy Spirit. We, and indeed the whole world benefits from this gift. The Spirit gives us solace when we are down and so much more. Everything in our lives are made better by the presence of the Holy Spirit. Unless, of course, we ignore the Holy Spirit and just do what we want. When we allow the Holy Spirit to work in our lives we can do amazing things to help the world. When we do not let the Holy Spirit help us, we are not letting the fullness of God’s love into our lives. Why would we not want the fullness of God’s love? Do not let despair block out God’s love. Come, Holy Spirit, come!

Totus Tuus Summer Youth Program

Faith Formation News

Pentecost Sunday represents the real beginning of the church. Most of the “nations” of the Roman Empire were represented when Peter made his speech. Everyone heard what Peter said in their own language. Some might call this the first example of “speaking in tongues.” However, the miracle wasn’t in the speaking; it was in the hearing. And this miracle reversed what happened at the Tower of Babel! Everyone got a chance to hear. Everyone got a chance to respond. The gospel is for everyone everywhere, not just a privileged few. So what we see here might well be called “Pluralism at Pentecost,” and it put the church off to a good start. The 3,000 who heard and got baptized took the Good News back home. That’s what we should do: take the good news back into our homes, our neighborhoods and our workplaces.
